## PHLATT™ WALL SCONCE

### From Legion Lighting

Legion Lighting's PHLATT™ wall sconce is part of the Legion decorative offering. The ADA Flat Wall Sconce is a soft glow fixture that provides clean illumination through a rounded corner acrylic accent piece that glows and diffuses light. The decorative sconce provides a modern statement while maintaining ADA standards. The fixture is provided in two sizes to fit a range of applications, and is available in many color temperatures to fit the illumination needs of the space.
