

SPOTLIGHT

slikk LED™

From Impact! Architectural Lighting

Impact Architectural Lighting has expanded their line of uniquely crafted fixtures with the new slikk LED™ pendant. The slikk LED™, which features a glowing inner ring and metallic-finish exterior, has a uniquely curved form that provides simple elegance with modern with a modern aesthetic. The series, which is available in two sizes (24" and 30") and is suspended by stainless steel cables that allow for adjustment for exact AFF mounting heights.

The slikk LED™ pendant is available in three color temperatures, 3000K, 3500K, and 4000K, and each color temperature comes in both a lower and higher output. Like other Impact! Architectural Lighting fixtures the slikk LED™ pendant can be ordered in a range of color temperatures, ranging from standard white to metallic finishes, and can be ordered in a premium RAL finish.
